Also,

Bill No. 1428. An Ordinance entitled, "An Ordinance authorizing and directing the Mayor and the Director of the Department of Public Safety, on behalf of the City of Pittsburgh, to enter into an Agreement with University Research Corporation for consulting services, including planning, curriculum development, scheduling, reporting and in-service evaluation all pertaining to the delivery of police management and police science training in connection with the Pilot Police Training District Project; and providing for the payment of the cost thereof, and repealing Ordinance No. 408, approved September 18, 1970."

Which was read.

Also,

Bill No. 1429. An Ordinance entitled, "An Ordinance transferring the sum of \$35,000.00 from Code Account No. 1471, Salaries, Bureau of Communications, Department of Public Safety to Code Account No. 1472-1, Telephone Services and Equipment, Bureau of Communications, Department of Public Safety."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

| Mr. Cortese | Mr. Mason |
| Mr. Fagan | Mr. Michaels |
| Mr. Kamyk | Mr. Shields |
| Mr. Lynch | Mr. Kuhn |

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also,

Bill No. 1430. An Ordinance entitled, "An Ordinance transferring the sum of Twenty-two Thousand Dollars (\$22,000.00) from Code Account No. 1461, Salaries, Regular Employees, Bureau of Fire, to Code Account No. 1498, Towing Contract, Bureau of Traffic Planning, both accounts within the Department of Public Safety."

Which was read.

Mr. Mason:

A point of clarification on Bill 1430, Mr. President. Can I get a date before I cast my vote? This has to do with towing charges and I want to know the expiration of that contract before I vote.

Mr. Kuhn:

This is a transfer of funds and there is no date in the ordinance, itself. The ordinance has to do with the transfer of funds, \$22,000 from Code Account 1461, Salaries, Bureau of Fire, to Code Account 1498, Towing Contract, Bureau of Traffic Planning, Department of Public Safety. Perhaps the Chairman of the Committee on Public Safety could inform us as to the period during which the charges were incurred.

Mr. Mason:

That is my question, because there has been some discussion, Mr. President, as to the increased use of city services from now to the expiration date and if that ordinance does not carry that date, then I'm perturbed about casting a vote relative to that matter.

Mr. Fagan:

Mr. President and members of Council, this \$22,000 is up to and includes the last day of October. Since November first, there has been no utilization of private towage. In meetings by the Director and myself, there is an interest in developing our own towing system; however, this runs up to November first.

Mr. Mason:

Under the circumstances, I vote, "Aye."

Mr. Michaels:

Mr. President, is there a discussion of the bills at this time to which I may further speak?

Mr. Kuhn:

I believe if you wish to say anything at the time you cast your vote, the Chair will not regard it as being out of order.

Mr. Michaels:

Then I vote "No" on Bills 1430 and 1431. I do so not because I believe there is anything out of order with

regards to the towing contract but rather I recognize we are transferring sums from salary accounts for use for other purposes within the Department of Public Safety. I have no record before me to let me know whether or not these accounts will then be deficient before the end of the year or whether there is, in fact, a surplus in these accounts.

Also,

Bill No. 1431. An Ordinance entitled, "An Ordinance transferring the sum of \$5,000.00 from Code Account No. 1461, Salaries, Regular Employees, Bureau of Fire, Department of Public Safety, to Code Account No. 1464-1, Canisters, Bureau of Fire, Department of Public Safety."

MOTIONS AND RESOLUTIONS

Mr. Michaels:

Mr. President, on October 5th. the City Planning Commission met for consideration of a convention hall site and it would appear before long, there would be legislation before us. From attendance at that hearing, it becomes obvious until such time that legislation is presented, we will be discussing one of the two sites, either Mon Plaza or the Civic Arena site. I submit there is another area which well ought to be considered and suggest that we so direct the Planning Department to submit to this Council a report with regards to the Federal-Anderson Streets site. This site has some natural attributes: It is close to the major central business district; within walking distance of major hotels; it being close enough to the new stadium that certain restaurants and hotels, and so forth, might well serve both facilities.

I think this would serve as a natural extension of the present central business district and certainly it has good vehicular access and I would hate to see this site ignored.

I move the Planning Department study and give to this Council a report on the Federal-Anderson Streets site as early as possible.

Mr. Cortese:

In seconding Mr. Michaels' motion, I think it is of great importance, even though we've waited seven years to determine the site, that we also take into consideration the fact now there is another possibility and without being in favor of any of the sites mentioned I do believe it is necessary for Council and the Planning Commission to receive full reports on the possibilities of this site.

Mr. Kuhn:

It has been regularly moved and seconded the Planning Commission be requested to submit a report to Council with respect to a convention hall in the Federal-Anderson Streets project area.

Mr. Mason:

This may or may not be pertinent to the motion; if so, I could be ruled out of order. I understand that there was a vote of 4 to 4 on this motion before the City Planning Commission relative to the two sites in question. I understand there may have been a parliamentary discrepancy and I would like to ask, and maybe I am not in order here and maybe I have to wait until Wednesday to do this, but I would like to ask that the proceedings relative to the discussions and recordings of the vote from the City Planning Commission be filed with City Council in proper fashion, if we have that power.

Mr. Kuhn:

Are you offering this as an amendment to Mr. Michael's motion? We have before us a motion that the Planning Commission submit a report with respect to the Federal-Anderson Streets site area and I don't see exactly how this is germane unless it would be offered as an amendment to Mr. Michaels' motion, or perhaps as a second and independent motion after we have considered the matter at hand.

Mr. Mason:

I think, Mr. President, under the circumstances, I would like to have this as a separate motion, not an amendment to Mr. Michaels' motion.

Mr. Kuhn:

Any further discussion on Mr. Michaels' motion?

Mr. Lynch:

I would like to add my support to Mr. Michaels' view. I think it makes a lot of sense that we not move in the

direction of limiting ourselves to two sites until we have explored all possibilities in the City. I find nothing wrong with either site but I would agree it would make sense to explore as many sites as possible until we have narrowed it down by exploration.

Mr. Kuhn:

The motion before us is to request the Planning Commission to submit a report with respect to the Federal-Anderson Streets site as convention center site.

Which motion prevailed.

Mr. Kuhn:

Any further motions or resolutions?

Mr. Mason:

Mr. President, whether we have the power or don't have the power would have to be determined by the Law Department but I am asking for a copy of the vote relative to the two sites in question, as reported in the daily press and by the mass media which showed a 4 to 4 tie. I only ask this because my attention has been drawn to what might be considered, as I have already indicated, a parliamentary discrepancy in the vote. If we don't have the power, fine.

Mr. Kuhn:

When you say "reported," you mean a transcript or record of the proceedings by the Planning Commission, or the newspaper and other media accounts of it?

Mr. Mason:

I am saying the first, not the second. I read it in the newspapers.

Mr. Kuhn:

Your motion is that the Planning Commission provide a copy of the transcript of the proceedings?

Mr. Mason:

Yes, relative to these two sites; only that portion of the Commission meeting.

Mr. Fagan seconded the motion.

Mr. Kuhn:

It has been moved, subject to a ruling of the Law Department, to request that the Planning Commission provide Council with a copy of the transcript of the proceedings before the Planning Commission relative to a choice of sites as between Mon Plaza and the Melody Tent site. Will there be any discussion

Mr. Michaels:

I would like to offer an amendment, that amendment to indicate also that the voting procedure of the Planning Commission be part of that report.

Mr. Mason:

Mr. President, I would be happy to accept that amendment.

Mr. Kuhn:

The voting procedure may be a matter separate from the transcript, itself. In that respect, perhaps a determination from the Law Department on the procedures and rules governing the Planning Commission should be asked for. It is my understanding, subject to the Law Department's determination, that the Planning Commission is its own parliamentary body and their proceedings are not regulated by this Council or any proceedings here. It does conduct its own deliberations and makes its report and recommendations according to its own existence, independently. Certainly, if the Commission can provide us with reports and recommendations, it should be able to provide us with a copy of its transcript and the Solicitor could provide us with their rulings.

Mr. Lynch:

I am not certain I understand.

As I understand what is wanted is a copy of the procedures and a copy of the rules supposed to be followed by the Planning Commission.

Mr. Michaels:

I think it is only fair that I give an explanation. The specific vote on last Thursday was one in which the vote was 4 against one of the sites, and 3 for the site, at which point the Chairman cast a vote which created the tie. The question in hand, does the Chairman have a right to vote on all issues or does the Chairman vote only if there is a tie. The Chair's vote caused the tie. Some parliamentary procedures provide the Chair votes only in case of a tie; here, the Chair votes all issues and I don't know which should have applied. In this case, in the questioning of the Committee, it was, in fact, confused. The recommendation of that Commission has a lot to do with this Council and I think it pertinent that Council have full knowledge of the rules governing that body.

Mr. Kuhn:

Your amendment would be that it be indicated to us by the Law Department whether the Chairman of the Planning Commission sits as a member of the body, as the President of this body sits as a member of the body, or whether he serves only as chairman without authority to vote as the Vice President over the Senate or the Lt. Governor in the Senate of the Commonwealth. Is there any further discussion on the amendment?

Mr. Lynch:

I second the amendment to the motion that the rules for procedure governing the voting in the Planning Commission be reported to us by the Solicitor.

Mr. Kuhn:

It has been moved and seconded that a report be requested from the Law Department as to the procedures followed in the Planning Commission, when

a vote is taken, and specifically, as to whether the Chairman of the Planning Commission participates in the voting.

The motion as presented by Mr. Mason and seconded by Mr. Fagan, as amended, is that the Planning Commission provide us with a copy of the transcript on deliberations relating to the Melody Tent site and Mon Plaza as convention hall site and that the Law Department provide us with a report as to procedures followed by the Commission, specifically the participation of the Chairman in its voting.

The motion, as amended, prevailed.

Mr. Kamyk moved

That Mr. Counahan be excused from this meeting, due to illness.

Which motion prevailed.

Mr. Mason moved

That the Minutes of Council, of Monday, November 2, 1970, be approved.

Which motion prevailed.

And on motion of Mr Mason,

Council adjourned.

MICHAEL A. PERRY.....Ass't City Clerk

Pittsburgh, Pa.,

Friday, December 4, 1970

Present:—

Mr. Cortese

Mr. Kamyk

Mr. Lynch

Mr. Michaels

Mr. Shields

Mr. Kuhn

(Pres't pro tem).

Absent: Mr. Fagan and Mr. Mason.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. Kuhn:

This is a special meeting of Council called pursuant to a request of the Honorable Peter F. Flaherty, Mayor, and at this time, I would ask that Councilman Kamyk and Councilman Cortese act as guard of honor to escort the Mayor to the platform in order that we may receive his budget message.

Ladies and gentlemen and members of Council, the Mayor of the City of Pittsburgh.

Honorable Pete Flaherty, Mayor

Members of City Council

In preparing for this, my first budget message, I have read and researched the budget messages of the City of Pittsburgh for the preceding ten year period. Some common threads were found running through all previous budget messages.

First, at the outset it has been customary to paint a very gloomy picture of the financial affairs of the City.

Second, the blame was usually placed on the increasing costs of City government, rising inflation and police and fire pay raises.

Third, there was a general outcry for more federal and state funds with very meager success.

Finally, the increased burden was then passed on to the City taxpayer in one tax raise or another.

Here in Pittsburgh over the past ten years the taxpayer has been bombarded with the following tax hikes:

1961—An increase in the earned income tax from $\frac{1}{2}\%$ to 1%.

1963—A new parking tax was instituted at 10%.

1964—A new Occupational Privilege Tax of \$10.

1966—An increase in real estate taxes of 1 mill on land, $\frac{1}{2}$ mill on buildings, 2 mills on personal property and 20% on water.

1967—An increase in real estate taxes of 3 mills on land, and 1½ mills on buildings.

1968—A real estate tax increase of 5 mills on land and 2½ mills on Buildings.

1969—A new business privilege tax of 6 mills, an Institutional Privilege Tax of 6 mills, an increase in parking tax from 10% to 15%, and a water rate increase of 10%.

1970—A real estate tax increase of 9 mills on land; 4½ mills on buildings, an increase in parking tax from 15% to 20%, and an increase in water rates of 20%.

During this same ten year period the population of the City of Pittsburgh declined from 604,000 to 512,000, while the number of City employees increased from 6,456 in 1960 to 7,001 in 1969.

As I faced my first year in the Office of the Mayor the easiest road would have been to follow the course charted over the last ten years. More of the same. It would have been much easier for me and my staff to continue the previous pattern. At the end of the year I could have painted the same gloomy picture of increasing costs of governments, rising inflation, police and fire raises and meager state and federal funds and then thrown up my hands and said the only way out is a tax increase.

It would have been a much easier first year for me. I would have had much better relations with City Council, the labor leaders, and the political leaders of the local Democratic Party.

My days would have been calmer and less controversial and I would probably have been able to pass myself off as a pretty fair new Mayor for just keeping things going in these difficult days.

If I had pursued this course let me tell you where we would stand as we face the 1971 budget year.

First let me go back about fifteen months to the early fall of 1969. At that time, while I was engaged in the middle of the mayoralty election campaign, my predecessor called both mayoralty candidates to City Hall for a briefing on the financial affairs of the City of Pittsburgh.

My opponent and I were told the City was broke and on the verge of bankruptcy, that our finances were at an all time low and that the City would end up with a large deficit.

When I took office on January 5, 1970, for the first time in the history of this City there was no surplus. On the contrary there was a deficit in the General Fund of \$417,000. These were 1969 bills not paid and waiting for me. In addition to the \$417,000 in unpaid 1969 bills, the new budget for 1970 which had just been enacted, showed that expenditures or appropriations exceeded revenues and the 1970 budget was out of balance by \$1,450,000.

The total deficit projected for 1970 on January 5 therefore was \$417,000 left over from 1969 unpaid bills, plus \$1,450,000 deficiency for 1970 amounting to a total of \$1,867,000.

Within two weeks after taking office the Director of Public Works notified me of an emergency. Because of the severe winter conditions the City needed immediate emergency legislation for \$300,000 for salt not appropriated in the 1970 budget. This was granted, and increased the deficit.

For all practical purposes by mid-January we found ourselves faced with a deficit of over \$2.1 million.

Believe it or not as we went along things got worse. In February the Supreme Court declared the Institutional Privilege Tax unconstitutional. As a result another emergency appropriation of \$450,000 had to be made to refund the 1969 taxes collected from institutions. None of this emergency refund was in the 1970 budget.

In August the Penn Central Railroad went bankrupt and we lost another half a million in taxes that had been expected in 1970. The overall 1971 loss of Penn Central revenues will exceed \$800,000.

In addition, the 1970 budget had projected a one million dollar grant from the State to partially offset the development of North Shore Park. This grant was not received in 1970, although we hope to receive it in 1971.

As the new Mayor, I could have done

nothing and just gone on in a routine fashion paying the bills and letting the deficit go until the end of the year. It would have been easy—I could have blamed City Council for not providing me with sufficient revenues to meet the appropriations, or I could have blamed the previous Mayor for handing me a \$417,000 General Fund deficit, and I could have blamed the police and fire for arbitrated raises.

If I had taken the easy road and merely met the payroll and appropriations adopted in 1970 our deficit today would be \$4 million. In addition we would be facing additional mandated increases for 1971 of \$5 million.

These major mandated increases for 1971 which cannot be altered are as follows:

Police and Fire arbitrated awards—
\$2.4 million.

\$65,925 for debt service increase.

\$598,000 additional cost for Municipal and Firemen Pension Funds.

\$216,650 increased Utility rates.

\$228,930 to cover increased Social Security and Group Insurance benefits for City employees.

\$140,000 increased rates for Allegheny County Authority Sewage Service charges.

\$45,000 for police and fire increments.

\$97,692 for Carnegie Library.

\$96,000 Refunds—various taxes.

\$425,000 South Pittsburgh Water rate increase.

\$660,866 State Utility tax on Water Plant.

\$50,000 increased postage rates.

1970 has been a great year for the Pirates and Steelers. The new Three Rivers Stadium has helped swell attendance records with the highest ticket prices in the history of this City. But this is no bonanza for the City. Instead, we have received vague reports from the Stadium Authority that it may need to finance another million dollars for additional construction costs.

In short we would be today facing a 1970 deficit of \$4 million plus an additional increase needed for 1971 of \$5 million, a total of \$9 million.

If I had taken the easy road I would now be asking you in this budget message to raise the real estate tax 11 mills on land and 5½ mills on buildings, to bring in the \$9 million needed for 1971.

I knew we were losing our taxpayers and I couldn't blame them for leaving this tax conscious City.

We are no longer servicing 676,000 citizens that lived here in 1950. We must face the reality of serving our remaining 512,000 people within our limited financial resources. With a loss of almost 100,000 people in the past ten years we must scale down our costs and our work force.

We cannot maintain a payroll of over 7,000 employees and we should not be expected to.

I have had to take some drastic measures in this respect with the municipal payroll. There have been firings and lay-offs and there will be more coming by the end of this year. To attempt to maintain a payroll of over 4,000 municipal employees with increasing costs and decreasing population is unnecessary.

Let us be candid—hundreds of jobs on the payroll were political and the measurement of one's employment security was loyalty to the Ward Chairmen rather than service to the people.

In addition, hundreds of jobs were placed on the payroll because each year in the past certain favored labor leaders were permitted to add jobs into the budget as favors to their friends. As a result of such practices many unqualified people came onto the payroll in jobs where they were not needed.

It is little wonder that cries of anguish rang out from local politicians and certain labor bosses at the mention of austerity in City government.

I can only promise them more changes until we weed out all unnecessary personnel.

For those who say this is inhuman I would point out that the majority of those laid off have received the benefits of an excellent city pension.

Unlike industry, City employees can retire at age 50 with 25 years service or at age 60 with 20 years of service. Last year the State Legislature increased the maximum monthly pension benefits for city employees by \$110 to \$357.50 per month.

Many other influential political employees with political patronage have been placed on the County payroll even though most of them are receiving City pensions.

By the end of this year the City payroll will be down from 7,001 at this time last year to about 6,100 positions.

This does not mean that 900 people were discharged from city employment. Approximately 300 jobs represent vacancies not filled as the result of my freeze orders last January. An additional 425 jobs became vacant during the year as a result of economic lay-offs and normal attrition.

The remainder, approximately 175 jobs, will be vacated by the end of the year by employees who will be retired or terminated by notices which will be sent out over the week-end.

There will be those who will demean the reductions as dangerous or as losses of vital services. I can assure you that we are performing better with less. The overstaffed payroll of political and labor favorites had a demoralizing effect on the great majority of city employees who perform an honest day's work for a day's pay.

In addition to weeding out we have required a full day's work from every employee and this has given much more inducement and credibility to the City employees.

While austerity and keeping up with rising costs has been and will continue to be our highest priority nevertheless we shall continue to improve and update City services.

Here are some of the improvements we have made in 1970:

Our entire fleet of marked police cars is being replaced with new air conditioned Dodge sedans with power steering and brakes. Our police must patrol in all kinds of weather and the cars are used on all three shifts. There will be no finer vehicles anywhere in the country. The cost of these vehicles will be \$334,000. These cars should be arriving by mid-December.

A new emphasis in City Planning has begun to take place. Under the new program community planners are assigned to work full time with our neighborhoods to help solve their local problems through governmental programs. This is planning with people rather than for them, and it represents a major shift in our planning program.

In 1970 we closed the incinerator. By doing this we have eliminated the old appropriation of \$1.3 million. On the other hand we have had to increase the disposal contract from the transfer station by \$739,000. Certain items and positions were by necessity transferred to the Bureau of Refuse in relation to the Transfer Station. This expense totals \$100,000. The net savings as a result of closing the incinerator is approximately \$400,000.

One of our most successful programs during 1970 has been the new Service Center located on the first floor of the City-County Building. The old complaint center on the Fifth Floor was far removed from the average citizen who has a complaint or needs service. We want our citizens to find us easily and quickly when they need service. Our Service Center has helped our citizens seeking services by cutting through the maze of bureaucratic red tape and getting the job done, whether it be a pothole or a lot that needs cleaning. Calls are processed with courtesy and follow-up correspondence to each citizen.

In 1970 our magistrate program has undergone reforms. All of our magistrates have a law degree from a professional law school and our system of impartial justice to all is gradually being improved with careful decision-making

at the preliminary hearing which is so important to our system of justice.

During 1970 the City Traffic Court, which is directly under my supervision and control has received careful scrutiny. A strict enforcement and collection program prevails and our collections of traffic fines shows an increase of \$130,000 over 1969.

In 1970 the Neighborhood Youth Corps provided jobs for 1,000 disadvantaged youths.

In addition a number of new youth programs were initiated. This past summer we placed one hundred college students as staff assistants in City departments. Fifty high school seniors were employed as junior interns. An additional fifty disadvantaged senior high school students were employed in the Community Youth Renewal Program. The City Youth Employment Program added 150 high school students to work in parks and public works. The City Youth Transportation Program enabled over 2,000 disadvantaged youths to participate in summer vocational field trips. Most of these programs are federally funded and we hope to expand and improve the programs in 1971 as additional federal funds become available.

At the outset of 1970 this City which pioneered smoke control and anti-pollution laws had itself become a violator of our environment. The incinerator, zoo, and many of our police and fire stations were offending the pollution laws and the City had joined so many other institutions and industries as offenders who annually sought exemptions or variances.

It was time to practice what we preach. In February the City incinerator, our biggest polluter was closed. I ordered the old fire and police stations be converted from old coal furnaces to gas. The Director of Supplies has been ordered to purchase a more expensive low grade sulphur coal for the zoo, which will bring it into compliance. In short all City-operated facilities have been brought into compliance with our air pollution laws and we have withdrawn all requests for exemptions and variances.

During 1970 Parks and Recreation added twelve tot lots and six portable steel swimming pools to our neighborhood facilities. A total of seven ball fields and play areas were equipped with night lights. Over 400 new trees were planted along neighborhood streets. All existing facilities including the zoo, conservatory, aviary, parks and playgrounds were maintained.

In 1970 under new supervision, the Bureau of Bridges, Highways and Sewers has made steady progress in repairing our long neglected streets, bridges and sewers.

As we move into 1971 despite limited resources and mandated increases in the budget many improvements in City services are planned.

Here are some illustrations:

In 1971 we have increased our asphalt budget by \$150,000 to \$726,200. It is essential that we beef up our street resurfacing program and attack the plague of potholes.

In 1971 an additional allocation of \$111,000 has been budgeted for bridge maintenance and an additional \$90,000 for repainting. This increase is essential to the safety of our citizens and to remedy long years of neglect.

The 1971 sewer allocation has been upgraded by an additional \$75,000 over the preceding year. While not entirely adequate it represents a necessary improvement over the past.

The 1971 demolition allocation has been increased by \$100,000 over the preceding year. This increase will enable the City to remove more dangerous and dilapidated structures.

As you will notice in the 1971 budget for the data processing operations there appears to be a rather dramatic increase over 1970. In 1970 the budget was \$178,000 as compared to a \$1,003,796.

The greater part of this increase is the result of transferring employees from other city departments and related costs into the Central Information Systems Office.

One of the primary purposes of the Information Systems Center is to centralize all of our City's data processing.

In the past this has been a separate operation in each department, each with its own equipment, employees, etc. By consolidating these operations we are doing away with costly decentralized operations and much duplication that has existed.

The Fire Department has been studied and it is in need of restructuring. At present there are 50 fire companies within the City whose hilltop locations date back to the horse and buggy days of the early 1900's. With increased mobility and changes in population several of these companies should be consolidated and this can be done without decreasing safety.

In Pittsburgh today we have approximately 1,750 policemen plus an additional park force of 48 men, a total of almost 1,800.

This gives Pittsburgh a ratio of 3.4 policemen for each 1,000 persons. This is far above the national average for each 1,000 population.

With police salaries in excess of \$10,000 per year I will require more line type officers and less desk jobs.

Many other 1971 improvements will appear in the Capital Improvements Budget which is already being prepared. These plans include additional rehabilitation of streets, bridges and sewers to make our City safer, cleaner and more attractive. Outdoor recreation areas will be rehabilitated and expanded. Night lighting will be added where feasible.

The City mercury vapor street lighting program will be improved and expanded. Our City neighborhoods will receive greater attention. The Brookline Park Community Center, now under construction, will be completed in 1971. In Homewood the American Legion Hall will be renovated into a Community Center. On the Northside the historic Carnegie Library now vacant will be rehabilitated into a community center with library facilities and a theater. Other important improvements will be

forthcoming when the Capital Improvements Program Budget is completed.

In Housing, the thrust of our \$21 million redevelopment program will be on low and moderate income housing. The Hill Neighborhood Development Program plans 380 new units and 250 rehabilitated units. Clifton Park on the North Side will produce 70 new units and 48 rehabilitated units. Greenway will provide a site for later construction of 281 units. In 1971 the Manchester housing and renewal program will begin. The Manchester program will produce a total of 700 new units and 1,200 rehabilitated units. Northgate and Brighton North will also be submitted for Council approval in 1971, which combined will produce 430 units.

As you can see from these highlights of 1970 and 1971, despite austerity and more limited resources, this Administration is moving and progressing to improve this City and its services to the people of Pittsburgh.

Even with the new County real estate assessment increases our real estate revenues have decreased. Our real estate revenue for 1971 will be lower than 1970.

The austerity program instituted at the beginning of the year has carried the City through 1970 with a surplus of \$2.1 million.

Some skeptics have been critical of this year and surplus because of job lay-offs. One year cannot stand alone. Last June the 1971 police and fire demands alone amounted to \$12 million. Realistically we had to expect arbitration awards within the range of those granted.

The police received an award of \$700 for each man plus full individual hospitalization on the basis of a 40 hour work week.

The firemen have received \$750 per year with full individual hospitalization on the basis of a work week of 52 hours.

The total package for each is about 8 percent or a total cost of approximately \$2.4 million.

In addition, our non-uniformed municipal employees are facing similar spiraling economic conditions. As our manpower is reduced it has been necessary to require greater efficiency and productivity of each employee.

I am therefore recommending a wage increase of seven percent plus full individual hospitalization for each full time non-uniformed employee. The total cost will be approximately \$2.3 million.

The total amount of wage increases for police, fire and non-uniformed full time employees plus hospitalization is \$4.7 million.

The \$2.1 million surplus was necessary to help offset these 1971 increases.

A portion of the remainder will be also offset by an additional \$200,000 in revenue which will be generated in 1971 by increasing licensing and permit fees for Commercial signs and commercial building permits. A study of our Ordinances reveals our commercial signs, billboards and permit fees are far below standards of comparable cities.

I recommend no increase in real estate taxes, wage taxes, business privilege taxes, mercantile taxes, parking taxes or water rates. I believe we should put our own house in order and that we can make it through 1971 without any increase in taxes.

In summary the 1971 budget has been balanced without a tax increase, as follows:

| | |
|--|---------------|
| 1970 Cash Surplus ----- | \$ 2,111,537 |
| 1971 Estimated Revenues.. | 100,607,000 |
| | <hr/> |
| | \$102,718,537 |
| 1971 Departmental expenditures (including binding arbitration awards and recommended wage and hospitalization for full time non-uniformed employees) ----- | 102,681,661 |
| | <hr/> |
| | \$ 36,876 |

With the promise of further austerity I pledge to the people of this City that

this budget is balanced and proper for this City.

As I entered the Office of the Mayor the people of this City gave me a large mandate. In return I pledged to make the difficult changes that are so badly needed here in Pittsburgh.

Many changes have already been made in key departmental positions and on the Boards, Commissions and Authorities that regulate our government. More changes will come.

In addition, we must place a moratorium on the growth and expansion of tax exempt institutions. Over one-third of our City is now covered with tax free institutions which must be serviced by the remaining City taxpayers. Council must stop rezoning the land for these institutions.

I again urge Council to hold all meetings concerning this budget, including hearings and conferences here in the Public Council Chamber.

When I campaigned for this Office I did so on the belief and condition that no special interest group should control the Mayor. This is a departure from the past. Pittsburgh Mayors have had ties with big business, certain labor leaders, institutional leaders and the political organization.

I reiterate my pledge to the people of Pittsburgh that no one owns a seat in the Mayor's Office. No one owns the Mayor but the people.

Mr. Kuhn:

I will ask that the Clerk receive and introduce as bills the communication from the Mayor, and the waiver signed by six members of Council waiving the 48-hour notice requirement for the call of special meetings, as well as the Mayor's General Fund Budget and Water Fund Budget. These bills will be referred to the Finance Committee and hearings will be scheduled on these beginning the first of the week. I would also ask that any person interested in the appropriation ordinance or the bills introduced, consult the Clerk's office where copies are on file and available to the public.

Mr. Michaels

Mr. Kuhn
(Pres't pro tem).

Absent: Mr. Fagan.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. Kuhn

Before we take up our agenda today, I would like to observe for the members of Council the affect which I believe we must seriously consider in respect to the executive order issued by Mayor Flaherty concerning our executive sessions on Monday morning.

These sessions have served to make possible the communication of information to members of Council by department heads or representatives of their respective departments and by which participation of those representatives was deemed necessary or desirable in a relatively brief and orderly fashion.

An arrangement is one that a person generally orders, arrived at by our Charter action and is bound by that action. There also exists that action which cannot, I think, be used in choosing to or not to call such a meeting. But I do observe that bad affect in the conduct of our legislative business.

In the future it will be the responsibility of each Chairman of a Committee in Council to get information from the respective department heads or representatives themselves in advance of our Committee Meeting. This has been done in Council on a particular subject and we will necessarily have to rely on each other to the extent that perhaps it has not always been the case before where we have had the confidence of some in making available to you information in the meetings we have had. Since we will no longer be having sessions on Monday mornings and because of the great difficulty of bringing all of your business forward in these sessions, I urge each member of Council, as fully as he can, to obtain information from the head of the executive department, the head of the department involved in his particular committee, so that we may receive as nearly as we can, complete information from these departments, I am sure that all members of Council will assume and undertake to do this.

It will be a little different than we have done before and I hope we will be able to transact City business as expedi-

tiously as we possibly can, although we will be somewhat at a disadvantage.

Mr. Kamyk:

Mr. Chairman, as Chairman of the Committee on Lands and Buildings, I would like to say this. I shall for myself get in touch with the Director of Lands and Buildings and I shall also tell him that I will not introduce any legislation that is prepared by his department until I have approval by him or someone from his department and to my satisfaction. And, I do not want to introduce any legislation except primarily by request and I want to know while I am presiding.

Mr. Mason:

Mr. Chairman, we have certain rules and guidelines to go by as to the responsibility of the lawmakers. I do not want to misinterpret your remarks but the responsibility remains squarely on the Director to communicate with the Councilman who heads a particular department.

Am I to understand from what you said that in order to get any information pertaining to my Committee for instance, Committee on Public Works, that I must obtain information from the Department of Public Works as to what bills they might want introduced before Council? In other words, we are to collect all of our own information individually. Does this mean that Council cannot, by its own authority, hold any executive sessions of its own to revise or review any motions which may come to the attention of the various Chairmen on information they have received from the Directors and then we come into session with a clear understanding of this?

Mr. Kuhn:

Let me attempt to answer your question, Mr. Mason. First, it seems to me as relates to the introduction of legislation, we ordinarily expect that each member of Council will introduce various bills in their Committee which he represents. Therefore, you would continue to present bills related to the Department of Public Works and Mr. Kamyk for Lands and Buildings.

I would only urge that in doing so, you would have as much knowledge available to you in order to communicate to the rest of Council, and is possible to obtain, according to the executive sessions we have had in the past. Certainly, Council has the power to hold executive sessions and Council may do so. It does not have the power to designate whom you may have attend; as the Department head is a matter I would rather not express an opinion on without further study.

As far as my remarks are concerned, they were to each Councilman, Chairman of each particular Committee of Council, as they will bear an increased responsibility of obtaining information that would no longer be possible to obtain by methods we have used in the past.

Mr. Lynch:

Gentlemen, I would like to say so far as the procedure by legislation is concerned in speaking of Charter action, it has greatly changed over the years. At our legislative sessions it is customary to introduce any legislation that has been given us for consideration which is discussed and any questions answered by Council, but as of this morning regarding the executive order from the Mayor, I am withholding two pieces of legislation from the Committee on Water.

It has been months since the Mayor attended a legislative session and any number of times he was not present at the Monday morning conferences scheduled with him. However, I do agree and I am glad that he has ordered all closed meetings ended.

City business will now be put in the public eye. The mayor never should have been in the position to execute a man in a private chamber and I do not think his order will impede City business. I do think it will make things more open and bring more things out into the public.

Mr. Cortese:

Mr. Chairman, I am in full agreement with your remarks. However, I would like to add a few of my own. This executive order that we received this morning is going to put an additional increased burden on a lot of the Council-

men and I think it should be stated also that it is going to increase the burden of various Directors of Departments.

I believe that any good Director would see to it that Council would get any piece of legislation that he wished to be presented, or at least that has been my experience. I think today's action on the part of the Mayor clearly shows a lack of communication or moreso, a complete breakdown of communication with the administration.

Mr. Mason:

Mr. Chairman, I second Mr. Michaels' motion with deep emotion because I had the opportunity of working with Mr. Kuhn for better than eleven years and I am well aware of his contribution to this City. I don't want to make this sound like a eulogy either, but I second it with deep regret.

MOTIONS AND RESOLUTIONS

The Chair:

Mr. DiNardo, would you kindly escort the Mayor in?

Mr. Flaherty is not present for the meeting today, and is here to discuss the filling of the vacancy of the City Council seat.

Are there any nominations?

Mr. Fagan:

Mr. President, I'd like at this time to place in nomination for the vacancy of retired Craig Kuhn the name of Miss Amy Ballinger. I do this and I would like to for the moment point out that she has been a lifetime citizen of the City of Pittsburgh; she has spent the bigger part of her adult life in the interest of the working people of our community; she has dedicated herself to humanity and the working interest of all of the people of the City of Pittsburgh. I think that all the Citizens realize that there never has been a time in the history of the City of Pittsburgh when these dedicated servants that will reform to the means of the working people, rather than those that try to protect the interest of the idle rich, and I think that if Miss Ballinger is accept-

ed and elected here today, she will add greatly to this City Council and will fully support Council in carrying out its greatest need—and that is the needs and the wants of our citizens and to protect the working people and the poor people of our community and I ask my colleagues to support my nomination.

The Chair:

Is there a second to the nomination?

Mr. Kamyk:

Mr. President, I second the nomination of Miss Amy Ballinger.

The Chair:

Are there any further nominations?

Mayor Flaherty:

Mr. President and members of Council, I would like to offer another nominee. I would like to submit the name of a woman who is known to all of us, Miss Rosemary D'Ascenzo. Miss D'Ascenzo is also a lifelong resident of the City of Pittsburgh; she has been a teacher in the public schools on the North Side; she has been a recreational leader in the City of Pittsburgh and at the present time she is the supervisor of the ----- for the Pittsburgh Board of Public Education. She is a member of the Planning Commission for the City of Pittsburgh; she is a Board Member of the American Federation of Teachers, and she is Treasurer of the American Federation of Teachers, Local #400, and I submit the name of Rosemary D'Ascenzo as my nominee.

Mr. Fagan:

I move we close the nominations.

Mr. Lynch:

I second the motion.

The Chair:

It has been properly moved and seconded that the nominations be closed relative to the candidates involved; may I have the roll call on the vote relative to the nominees? First: Miss Amy Ballinger.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:—

| | |
|-------------|--------------|
| Mr. Cortese | Mr. Michaels |
| Mr. Fagan | Mr. Shields |
| Mr. Kamyk | Mr. Mason |
| Mr. Lynch | (Pres't) |

Ayes 7. Noes 1.

Mayor Flaherty voting for Miss Rosemary D'Ascenzo.

And a majority of the votes being in favor of Miss Ballinger, she was elected to Council.

The Chair:

Miss Amy Ballinger is hereby elected to fill the vacancy in City Council. Is Miss Ballinger in the room? Then we will call Miss Ballinger in to swear her in next Monday, December 21st. Any motions or resolutions other than the nominations?

Which was read.

Mr. Michaels moved

That Rule 8 be suspended, providing for the mailing of printed copies of all ordinances and resolutions to each member of Council, after the return of such papers from committee, at least 48 hours previous to their final consideration by Council.

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Cortese
Mr. Fagan
Mr. Kamyk
Mr. Lynch

Mr. Michaels
Mr. Shields
Mr. Mason
(Pres't)

Ayes 7. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for the final passage.

Mr. Shields moved

That the Minutes of Council of Friday, December 4, 1970 and of Monday, December 7, 1970, be approved.

Which motion prevailed.

Mr. Mason:

The Mayor is here and available for our recessed meeting of this legislative body and it is the desire of the Chairman of the Finance Committee to hear him at this time since he has revised his schedule to meet with us at this time.

Mr. Michaels:

Mr. Chairman, I am sorry to say that I am not prepared to hear the Mayor at this time and we are very pleased that he is anxious to cooperate but, however, we have scheduled a number of organizations. In fact, the specific question that I would like to ask of the Mayor not only applies to the operation of his inter-office policies but there are also other problems that have come before us and we are just not ready to make that presentation yet. But, if it is convient with Mayor Flaherty, considering that we have a full agenda for tomorrow, we would be pleased to meet with him either tomorrow evening at 7:00 P.M. when we would be available or at 11:00 o'clock on Wednesday morning or at any time the Mayor feels that he can be available.

Mayor Flaherty:

Well, the only reason I made myself available immediately is that I got an urgent call to be here and I am available and I have my staff with me here now. So, it seems to me that Council could ask any questions that they may have at this time.

Mr. Michaels:

Mr. Mayor, I could proceed. But understand of course, that we could call you again on these matters.

Mayor Flaherty:

Well Council, I just want you to know that I am available at this particular time.

Mr. Michaels:

Mr. Mayor, might I suggest we get organized here because certainly we don't want to take up your time. Approximately within a half-hour or so we would be ready and prepared for that meeting.

Mr. Lynch moved

That Council Recess.

Which motion prevailed.

And Council Recessed.

— — — — —
Pittsburgh, Pa.,

Wednesday, December 16, 1970

And the time of recess having expired, Council reconvened and there were present:

| Mr. Kamyk | Mr. Shields |
| Mr. Lynch | Mr. Mason |

The Chair:

The matter of business before us now is the resignation of James A. Cortese, who served as Chairman of the Committee on Parks and Recreation.

Member of Council and that his resig-

Which motion prevailed.

And on motion of Mr. Michaels,

Council adjourned.

ONE HUNDRED SIXTEENTH COUNCIL

JOHN F. COUNAHAN.....President
LOUIS C. DINARDO.....City Clerk
MICHAEL A. PERRY.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, December 21, 1970

Present:—

| | |
|-----------|--------------|
| Mr. Fagan | Mr. Michaels |
| Mr. Kamyk | Mr. Shields |
| Mr. Lynch | Mr. Mason |
| | (Pres't) |

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. Mason:

I appoint Mr. Fagan and Mr. Kamyk to escort Councilwoman Ballinger into the Council Chambers.

Mr. Mason:

The newly elected City Councilwoman will be sworn in by Judge William Cercone of the Superior Court who I am calling upon to make a few remarks prior to the proceedings.

Judge Cercone:

Thank you Mr. President. Mayor Flaherty, members of Council and friends of the new Councilwoman assembled here today. It is a great privilege and honor for me to administer the Oath of Office to Amy Ballinger as a member of Council of the City of Pittsburgh. In this fast-moving tide of governmental affairs as we see them today, the challenge of public office takes on awesome proportions. And, the qualifications of the persons who fill public office in the life of a great City, must be willing to demonstrate the vital spark of leadership and executive ability and the time-tested qualities of honor, dependability and integrity. Amy Ballinger's career and qualifications are an exemplification of those requirements.

A native born Pittsburgher, a life-long resident of Pittsburgh's North Side, she brings to her new office an already distinguished career in the labor movement, where her eminently qualified leadership was so well recognized that it resulted in her being the first woman to be selected as the International Vice President of the A.F.L.-C.I.O. Laundry and Dry Cleaners International Union. She is the only woman elected to the Executive Board of the now Allegheny County Labor Council and she was the founder and organizer and presently the Secretary-Treasurer of her Local Union #141. In these capacities, in these roles of labor management, negotiations, discussions and decisions about the problems of people, Amy Ballinger has come to understand the problems of people. Their problems of health, housing, economics and the general well-being of citizens, young and old, of every race, color and creed.

Out of her civic-mindedness and in-

terest, have come some very important appointed civic posts such as being a member of the City of Pittsburgh Labor Committee for National Defense and of the Commonwealth of Pennsylvania's Minimum Wage Board for her workers in her Union. In the light of these experiences, it is no wonder why there has been so much talk and discussion about woman's sphere and her place in life as though there is a limit, because Amy Ballinger's great capacity and contribution to the life of the community demonstrates what great contributions womanhood has given both in public life and in private, as did her beloved predecessor, Irma D'Ascenzo.

In a life dedicated to the cause of people, Amy Ballinger brings to the legislative hall, Pittsburgh's City Council, the eminent equipment to make an inspiring contribution to the life of the people in a great city.

On behalf of all her friends, members of her family, her husband, sister and brother who are here and on behalf of the people of the City of Pittsburgh in general, we extend to her our best wishes for every success and happiness in her role as Pittsburgh's Councilwoman and all endeavors.

Judge William Cercone administered the Oath of Office to Miss Amy Ballinger, for the Council of the City of Pittsburgh.

Miss Ballinger:

Thank you. Council President, Council Members, Mayor Flaherty, Honorable Judge Cercone and friends.

With sincere humility I accept the challenge with which I have been signally honored this day. I thank you all for your support and confidence. My thanks go out to the officers and members of my union who have supported me for 10, these many years, to the Allegheny County Labor Council which endorsed the submission of my name to the members of this Council and to the members of this Council who unanimously saw fit to bestow this honor upon me.

I shall devote myself to my responsibilities on the City Council with the utmost sincerity and integrity. Pittsburgh

is dear to me. It is my home, the only home I have ever known. Among its citizens are my schoolmates, my fellow-workers and my friends. I love Pittsburgh and understand it as a life-long resident. I cherish the opportunity that I have found here including the joys that have elated me and the sorrows which have educated me. Here I have battled for the working man and for the underdog. It has always been, and will continue to be, my determination to make Pittsburgh a better place in which to live, to work, to visit, and in which to be reared. We want the future generation to look back with even more pride than we possess on this great metropolis in the great Commonwealth of Pennsylvania.

These dreams and goals of a better and greater Pittsburgh can and must be achieved. Our greatest assets are the people of Pittsburgh. They are assets that must be nourished and preserved. Our increasing monumental structures, corporate and municipal, are meaningless without the people who work in them and who require their use. Every able-bodied person is entitled to a chance to work. Our streets and highways must be safe. Every person, youth, adolescent and mature, must have a full opportunity for education. When blighted areas are marked for demolition, the first concern should not be how soon the bulldozer will go to work but where will be the new homes of the displaced. When fellow citizens, who are public servants, are to be affected by measures of economy, the first concern should not be what political ripples may be stirred, but rather, what are their seniority claims and how can we help find them opportunities for other employment.

Our aged must have the right and opportunity to live in dignity. Racial gaps generation gaps and political gaps must be bridged. Somehow, we must find the way to inoculate each other with a full understanding of our fellow men in every walk of life and in every phase of endeavor.

Once, in a crowded room someone turned to me and said, "It is warm in here." He did not mean the temperature. He meant the warmth of the people. In Pittsburgh, I have always found the warmth of a welcome home—not be-

cause of Pittsburgh's great open hearths which light the skies, but because of its truly open hearts which are evident in every walk of life.

My goal and my hopes for my city are sound progress, true and steady guidance, achieved with judgment and compassion for all of the people of Pittsburgh.

Thank you.

Mr. Mason:

Will Mr. Fagan and Mr. Kamyk please escort Councilwoman Ballinger to her seat.

The Chair:

The next order of business is nominations for members of Council.

Mr. Shields:

Mr. President, with a great deal of pride and appreciation for the talent and ability of the person involved, I would like to place in nomination before this body, the name of Richard S. Caliguiri.

The Chair:

It is so noted. The Chair will entertain a motion to accept the said nomination and a vote thereon. I don't need a second, I'm sorry. Are there any other nominations for that position?

Mr. Fagan:

Mr. Chairman, I move that we close the nominations.

Mr. Kamyk:

I second the motion.

The Chair:

It has been properly moved and seconded that the nomination for the vacancy of the late John Counahan be closed.

Which motion prevailed.

The Chair:

A vote will now be taken on the nomination.

The Ayes and Noes were taken, agreeably to law, and were:

| | |
|----------------|----------------|
| Miss Ballinger | Mr. Michaels |
| Mr. Fagan | Mr. Shields |
| Mr. Kamyk | Mr. Mason |
| Mr. Lynch | (Pres't) |
| | Mayor Flaherty |

Ayes 8. Noes none.

And the vote of Council being unanimous, Richard S. Caliguiri was duly elected as a member of Council.

The Chair:

The next order of business is a nomination to fill the vacancy created by the resignation of Mr. Cortese.

Mr. Kamyk:

Mr. Chairman, I feel it an honor and a privilege to name for this nomination, former Councilman Charles J. Leslie, who is no stranger to us. He was a Councilman from January 1, 1962 until he resigned early last year, 1969. While a member of Council, he served as Chairman of Lands and Buildings Committee, Water Committee and Public Works Committee.

He was appointed by former Mayor Barr as a member of the Stadium Authority, later resigning to become its Executive Director.

I think his previous experience, his courage and his conscientious work, entitles him to this nomination. Therefore, I place the name of Mr. Charles J. Leslie for nomination.

The Chair:

Mr. Charles J. Leslie has been nominated. Are there any other nominations?

Mayor Flaherty:

Yes, Mr. Chairman.

Mr. Chairman, members of Council, ladies and gentlemen. I believe that City Council could very well have, without creating any imbalance, two women to serve on City Council.

A few weeks ago I stood before Council and I nominated a woman and she was not seconded, and that was Miss Rose Mary D'Ascenzo. It is not my desire or wish to force a choice from City Council. But, I have looked over and discussed the qualifications of many fine women in the City of Pittsburgh and I would support anyone of the following women who I believe would make an excellent addition to City Council. That is Rose Mary D'Ascenzo, Marion Finkelhor, Alma Fox, Bertha Evosevic or Carol Dietrich is fine. I believe any one of these five would be an excellent choice for this Council to make and would be a good choice for the City of Pittsburgh. Not wishing to force a choice on you, not wishing to nominate without a second, I will second and support the nomination of any one of these five and I urge

any member of Council to make such a nomination and I will support and second the nomination.

The Chair:

Mr. Mayor, in light of the fact that you have a right to vote and you also have a right to place in nomination a name. It would seem to me that you have named four, or are you placing all four in nomination?

Mayor Flaherty:

There are actually five, and I will place any one of these five in nomination and support any of them.

The Chair:

Will you submit one of the names?

Mayor Flaherty:

I am submitting all five.

The Chair:

I am a little perplexed frankly. If you are placing all five of these names, then that makes six nominees for this one position. Is that correct Mr. Mayor?

Mr. Fagan:

Mr. Chairman, a point of order. Under parliamentary procedure I will ask the Chair to rule him out of order unless a single nomination is made.

Mayor Flaherty:

In my nominations I would not stand alone and force the choice on any one of these five but if any member of Council will nominate one of these, I will second it. That is what I am really saying here.

The Chair:

The nomination for office, Mr. Mayor, does not require a second. There is the nomination of Mr. Charles J. Les-

lie and the Mayor has the right to make a nomination of a single person if he so desires.

Mayor Flaherty:

Mr. Chairman, since no one has seconded the nomination or no other Councilman agrees with any of the choices, I will still place the nomination in the name of Miss Rose Mary D'Ascenzo, who I nominated previously in Council.

Mr. Lynch:

A point of order, Mr. Chairman. Is it not true that when an issue has been voted down in this Council, it cannot be brought up again for two years and under that ruling, can Miss D'Ascenzo be reconsidered again within the life of this Council.

The Chair:

Yes, I think she can. Then, the name of Rose Mary D'Ascenzo has been placed in nomination.

Mr. Fagan:

Mr. Chairman, I move that we close the nominations.

Mr. Kamyk:

I second the motion.

The Chair:

It has been properly moved and seconded that the nominations be closed.

Which motion prevailed.

The Clerk will call the roll on the two nominees. One, Mr. Charles J. Leslie, the other, Miss Rose Mary D'Ascenzo.

The Clerk called the roll on the nominees as follows:

For Mr. Leslie:

Mr. Fagan
Mr. Kamyk
Mr. Lynch

Mr. Michaels
Mr. Shields
Mr. Mason
(Pres't)

For Rose Mary D'Ascenzo:

Miss Ballinger and Mayor Flaherty.

Mr. Leslie 6, Rose Mary D'Ascenzo 2.

And a majority of the votes of Council being in favor of Charles J. Leslie, he was duly elected as a Member of Council.

Miss Ballinger:

Mr. Chairman, since the majority of the votes are for Mr. Leslie, I wish to make my vote also for Mr. Leslie.

The Chair:

Miss Ballinger has requested that her vote be changed.

Final vote: Mr. Leslie 7, Rose Mary D'Ascenzo 1.

The Chair:

Two people have been duly elected and will be sworn in, for your information, at 10:30 o'clock, A.M., Wednesday, December 28, 1970.

The Chair:

There are two items before this honorable body to be considered this morning and I had arranged for two of our colleagues to escort the Mayor, but the Mayor came unescorted, so that item is over with.

To swear in Mr. Caliguiri will be Judge Pat Tamilla and I will ask that Mr. Shields and Mr. Fagan escort Mr. Caliguiri to the podium and Judge Tamilla will have a few remarks to make.

Judge Tamilla:

Mr. President, Mayor Flaherty, distinguished members of Council, my good friend, Mayor Barr, also the President of the I.S.D.A. and other distinguished guests.

I was deeply honored when Mr. Caliguiri asked me to swear him in today because I have known Dick for a number of years, watched this young man grow and develop in public life. He has done a wonderful job in terms of excellent performance for the City. He is the kind of boy, the kind of man who doesn't say a great deal and he is not a publicity seeker, but all of you who know him know that he does the job and does it well.

He has a lovely young family and as a newcomer to Council, I am sure he will bring some of the feeling of the youth of the community because he has worked with the youth. He has that unique ability, which I think is so necessary in these times, of bringing together diverse elements of the community. He can work in the neighborhood, he can work with the people who are really suffering under the tension of our times. This is the element that he brings to Council which I think will be so valuable to this body in the prime years to come. I think the fact that Council voted for him unanimously is significant that this is the kind of young man that is important to have in government today, and, I am sure that Dick Caliguiri is going to reward the faith and trust placed in him and in years to come, will prove that your selection was very, very gratifying. This man is going to do the job as fine as he possibly can.

So, with that, would you please have Mr. Caliguiri escorted to the podium.

The Chair:

Mr. Shields and Mr. Fagan, would you please escort Mr. Caliguiri to the podium.

Judge Tamilla:

Mr. Caliguiri, it is my honor to present the Oath of Office to you and after I have repeated the Oath, you will say, "I do so swear."

Judge Pat Tamilla administered the Oath of Office to Mr. Caliguiri, for the Council of the City of Pittsburgh.

Mr. Caliguiri:

Mayor Flaherty, members of City Council, Judge Tamilla, honored guests and my friends.

Who said there was no Santa Claus? There is surely one today for my family and myself. There are many people out there supporting me, too many really to name, but I hope to get around to all of you very soon to extend my gratitude. And, of course, certainly to Mayor Flaherty and members of Council who have seen fit to put me in this position. People like Mr. Mendola, my national officer of the lodge to which I belong, I.S.D.A., has given me much support.

Judge Tamilla said many nice things and with that, I really approach my appointment to City Council with some degree of apprehension. Not out of fear of failure, but with the knowledge that my selection has yet to be tested by the people of Pittsburgh. And, for this reason, I will openly seek their endorsement in the coming months by personally visiting each individual neighborhood and ever to listen and to learn of their needs and their wants.

In a democracy, every citizen, regardless of his interests in politics, holds office.

Everyone of us has an individual responsibility. And, in the final analysis, the kind of government we get depends on how we fulfill these responsibilities. You, the people, and I am talking about you out there, are the boss. And you

will get the kind of political leadership, good or bad, that you deserve and you demand.

And so, I really implore you, all of my fellow Pittsburghers, to demand the very best of your City officials. Let your government know of your wants and your needs; and please, help us serve you the way you want to be served.

Thank you all.

The Chair:

The next candidate will be sworn in by Judge Weir. Judge, would you care to make a few remarks before we send an escort for the next candidate?

Judge Weir:

Members of Council and ladies and gentlemen:

I just want to say it is a real pleasure to be reunited up here with Lou Mason, your President. Our friendship goes back far, as we used to have quite a bit of an association but our other grandees broke that up by firing us both in the same day.

I don't know if you folks in the rear heard Tom Fagan's remarks when he went to escort Mr. Caliguiri into the Chamber. He said, "this is getting to be a steady job," and I was thinking about that myself. You know the young man that I am going to swear in was in Council before and is returning and I think perhaps one reason is, these are the only people that are hardened enough and tough enough to be willing to take this job. And, I was even thinking there might be a chance for me if this keeps on going. Evidently, I'm not the only one with such thoughts in mind because here is Dave Olbum. He doesn't know but what there might be a resignation right now.

It is a great pleasure, in addition to all of this, for me to have the honor of swearing in Chuck Leslie. Not only are we long-time neighbors, long-time friends, but I have a tremendous admiration for his knowledge and understanding of the process of the government. I am sure, all joking aside, that he will make a very great, important contribution to the most difficult tasks

of this body which are not going to get any easier, believe me, as time goes on. Days and the times realize that this is not yet, but we also realize that you, lady and gentlemen, are in the position of having to raise the taxes each succeeding year.

Now, I will ask that my friend, Chuck Leslie, be brought in so that I may give him the Oath of Office and your President has designated Mr. Kamyk and Miss Ballinger to escort him in.

Chuck, will you raise your right hand while I administer this Oath.

Judge Weir administered the Oath of Office to Mr. Charles Leslie, for the Council of the City of Pittsburgh.

Mr. Leslie:

Mr. President, my remarks will be very brief. I don't have any profound statements to make at this time. I think the order of the day is to go to work, we all have a job to do. This room is not strange to me. I have spent the better part of seven and one-half years here. But I would like to thank the Council members who voted for me to fill one of the vacancies in Council: Amy, Tom, Walter, Jack, Edgar, George and you, Mr. President, thanks so much.

When I left this Council, I resigned of my own accord and I come back the same as I left. I hope I can fulfill the duties of this office to the satisfaction of the citizens of this City. I will work at it and I hope to cooperate with every member of this Council. I want to thank all of you, everyone, and rest assured that I will be cooperative for this City in efforts to keep it lively, progressive and to retain some of the reputations we had in the past.

I want to thank all of you again. Thank you so much.

The Chair:

Before entertaining a motion, I would like to say on behalf of my colleagues, the staff of the City Clerk's Office, a very Merry Christmas and a very Happy New Year to you who are present, and to all the citizens of the City of Pittsburgh.

Thank you very much for attending.

Mr. Michaels:

Your City Council has examined the budget recommendations of Mayor Peter Flaherty for the year 1971 and concur that the tax levies on real property for the year 1971 shall remain 55 mills on land and 27½ mills on buildings. In addition, the following taxes shall remain applicable under Act 511:

YEAR 1971

ACT 511

| | |
|-------------------------|-------------------------------|
| Mercantile Tax | .002—Retail
.001—Wholesale |
| Amusement Tax | 10 Percent |
| Personal Property Tax | .004 |
| Earned Income Tax | 1 Percent |
| Occupation Tax | \$10.00 |
| Parking Tax | 20 Percent |
| Institution Service Tax | .008 |
| Business Privilege Tax | .008 |
| Deed Transfer Tax | 1 Percent |

The water rents shall also remain unchanged.

We have examined carefully the payroll requests and have talked with the department heads as to the City's needs and have provided adequate funds within the State's provision for a balanced budget. Thus, the necessary tax increases put into effect one year ago will adequately finance our requirements for 1970 as well as 1971.

The year 1970 has been a year of transition for the City of Pittsburgh. A new mayor chose to manage the city in a new way and with new people. For example, of the 8 departmental directors employed as of December, 1969, only 2 remain. Six hundred workers have been urged to take their pension where applicable; or have been fired or laid-off, or have resigned from their jobs. In many cases, new employees have taken their places and in other instances vacancies have continued to exist, which, both the Mayor in his 1971 roster and Council agree MUST be filled. Our 1971 budget will show that most vacant positions have been maintained, along with anticipated starting dates, where testimony in our hearings amply demonstrated the justification for their remaining in the budget. The responsibility for filling these job openings with qualified personnel rests with the Mayor and his staff, and it is anticipated job opportunities will be extended to employees laid-off through no fault of their own. In order to maintain the level of services and enhance the social and economic environment, it is essential that these positions ARE filled without undue delay. The Budget Controller is herewith authorized and ordered to re-

lease quarterly statements as to the employment levels being maintained by the departments as they compare to budgetary requests. The number of people working for the City of Pittsburgh at any given time should be a matter of public information rather than a cloak-and-dagger affair.

Recent news releases which have pointed out arbitrary job eliminations of key employees or failure to reinforce the recommendations of established bureau chiefs dampen the morale of all City employees. It is a known fact that most of our City employees have worked for the City for many years, have performed capably, and now are intimidated by these actions. This intimidation should stop.

Because the new Public Employees' Law will necessitate collective bargaining, a labor negotiator has been put into the 1971 budget, you will recall that Council approved the Mayor's original request for such an appropriation, subject to Council's confirmation of the appointment. We recognize the importance of this position, the work that will have to be done, and the need for a cooperative effort on the part of a committee composed of Council and the administration, with the labor negotiator as its executive officer. We therefore trust that this position will be filled without delay.

As you know, arbitration awards have been made, which will result in an additional \$700 pay increase for policemen and \$750 for firemen. This will increase the City payroll by 2.4 million dollars. Also, certain fringe benefits have been increased.

The Council has modified the seven percent across-the-board wage increase recommended by the Mayor for all non-uniformed employees. A cost of living adjustment for employees who are faced with the daily problem of inflation, while they remain trapped in a job with no adjustment year after year, makes sense; however, one cannot justify a cost of living adjustment of \$1,050 dollars to an employee who makes \$15,000 per year, while an employee who makes \$5,500 dollars a year receives but \$385 dollars. Therefore, Council has placed a minimum adjustment of \$500 dollars and a maximum adjustment of \$700 dollars on annual salaries.

Certainly in a year of great upheaval in our City work force, which included an overt attempt to avoid increasing the tax base by elimination of so many jobs, it is only just that the wage earners at the lower echelons of our wage scales are fairly compensated and not further disadvantaged by an across-the-board cost of living adjustment. Thus, our cost of living wage increase has both a floor and a ceiling. In addition, the City of Pittsburgh will provide a fringe benefit of up to \$14.68 per month toward personal hospitalization costs to all full-time employees who are members of our hospitalization group. Additional cost to the City is approximately one-half million dollars. Also the accelerated pensioning off of employees this year, and additional benefits, makes it necessary to add one-half million dollars to the pension account.

All employees with fifteen or more years of service shall henceforth receive four weeks paid vacation.

In an austerity-oriented administration, one can hardly accept increasing salaries for the directors' positions. At the beginning of the year, these positions were awarded increases of from \$3,900 dollars to \$4,844 dollars per year. Because of the magnitude of those increases, salaries for directors have been maintained at the 1970 level. Significant research has shown that our directors' salaries compare favorably with similar jobs in cities of equal size throughout the country. Also, there are no changes in salaries for the Mayor or members of City Council.

Pittsburgh is an old city. Its underground water lines and 1,000 miles of streets need MORE repairs NOW. During the year 1970, expenditures in street repairs totaled less than one million dollars. At today's costs we are nowhere near staying even with our need. An additional \$350,000 dollars has been provided in the 1971 budget over 1970 for expenditures out of current income, thus avoiding high interest rates on borrowed funds, which ultimately doubles the cost when this work is done with long-term financing. In a like manner, an additional \$100,000 dollars has been provided for water lines to improve the quality of the water supplied by the City's new filtration plant. Without such

pipe replacement, it would be impossible to justify the nine million dollar filtration plant dedicated just one year ago.

The increasing number of abandoned, unsafe and deteriorated structures, which are extreme health and fire hazards, and dangerous to children at play, must be dealt with more affirmatively. Since it is a fact that a single major demolition job can cost the City approximately \$50,000 dollars, the Mayor's budget estimate of \$200,000 dollars is grossly inadequate and has been doubled by City Council to \$400,000 dollars for the coming year in order to reduce this menace in our communities.

You will note that the last three named appropriations in Public Works, Water and Public Safety are direct services which can be performed within our present departmental structure. They are direct benefits sorely needed to maintain our communities. Too frequently top-heavy administrative and supervisory costs prevent the end results from being achieved. The challenge is clear, City Council requests of our three major departments more tangible results within present overhead costs.

The Mayor established Housing as a Number One priority in 1970. An able Housing coordinator joined his staff, and it is anticipated his activities in 1971 will be expanded. City Council looks forward to assisting him in every way possible.

Grants and donations have been maintained at last year's level, contrary to the Mayor's recommendations. Institutions such as WQED, the Pittsburgh Symphony, the Veteran's Society parade and the Three Rivers Arts Festivals fulfill the cultural, educational and entertainment needs of our citizens, and therefore merit our support. Also, withdrawal of our support could have a detrimental effect on the amount of donations to these organizations from private individuals. Therefore, we will continue to support these worthwhile institutions who have international recognition. Our own city parks and recreation program is in excess of six million dollars; while the Mayor recommends we cut the Three Rivers Art Festival from \$8,500 dollars to \$5,000 dollars or WQED from

\$12,000 dollars to \$5,000 dollars. We have also increased the grade level of all City Recreation leaders. Let us re-examine our priorities and properly identify quality programming.

We have also maintained the Traffic Safety Department in the 1971 budget, not only because it acts as an instrument of education for our children, but also as a method of establishing a positive relationship between the policeman and the child early in his development so that this rapport can continue as the child matures. Police-Community relations must be extended to all segments of our population, and this is done in school programming.

Prudent judgment dictates that we continue to provide an economic climate conducive to attracting corporations who enhance our real estate values and add to our economy in so many ways. During the past year, the Gateway Six Building was formally opened; the U.S. Steel Building is now partially occupied; and a new, larger Pittsburgh National Bank Building and the Smithfield Plaza are in various stages of construction. We have added \$32-million dollars in assessments from new commercial construction in the downtown area. But these projects were begun in prior years. We need to promote and encourage more business activity within our city boundaries in order to compete with the suburban communities; and most importantly, a healthful commercial core is a valuable hedge against increased taxes on our own homes. A position in the Planning Department has been established to provide for a coordinator for Economic Development. But it will take more than the efforts of a single employee to effectively act as a liaison between City government and private business. It is vital and in our own interests that all City officials in government relate to people in private enterprise to assure them of our continued concern for their needs. Also our major corporations have made valuable contributions toward solving some of our most pressing problems. We are well aware of what has been achieved through nonprofit housing organizations; the Allegheny Conference; Foundation Grants; and Hiring Programs for the Disadvantaged.

A great deal has been said about approximately one-third of city real estate being non-productive in terms of real estate taxes. Specifically, we refer to lands and buildings used by hospitals, universities, and churches. Many of these institutions serve the whole tri-state area and, because of the size of these institutions, the City of Pittsburgh is now a center of medicine and education. But the bald facts are that these tax-exempt universities and hospitals are major and among the largest employers and also have tremendous purchasing power. We cannot harass them with demands for a moratorium on their long-range plans, but must attack our inability to collect real estate taxes to pay for services we provide for them through legislative reform.

The City of Pittsburgh is dependent upon real estate taxes as its principal source of income. The projected real estate income of \$45 million dollars in 1971 is an indication of the continued value of property within the city. However, it must be noted that this income did not advance at the same rates as the general inflationary spiral of costs for salaries and supplies. The ability to collect real estate taxes remains stable in spite of the single instance of the Penn Central Railroad's failure to pay by Court order. The railroad is willing to accept cash for real estate that it owns in the City of Pittsburgh, and yet refuses to pay its debt. While we are not the acquirer of the property, they should not deny their obligation or hide behind the shield of bigness any more than you or I could. Our Legal Department must pursue this matter most vigorously by pointing out that OPPORTUNITIES FOR CASH REVENUE HAVE been extended to the Penn Central Railroad for land that they own; for construction of the interstate highway; and for a potential convention center site. The State will offer some \$25 million dollars for purchase of the land for the interstate highway alone, and it is generally recognized that the convention center might be located on railroad property at Eleventh Street.

Other tax income, including privileges and fees which are called "nuisance taxes" by many residents and merchants of the city, constitute our other principal source of income. If by change in the

State law these sources of revenue are denied to the City because of substitution of State taxes, we must then look to the Commonwealth for adequate replacement on a more realistic basis than today's standard which allows a non-resident to work in and use the services of the City of Pittsburgh for a mere Ten Dollar annual occupation tax. In Council's own departmental budget, we have provided for a liaison man so that we can more effectively meet the challenge of the new State Legislation and to relate to all quasi-governmental agencies of the City of Pittsburgh particularly the various authorities, commissions, and boards who merit a more constant dialogue with City Council.

It should be noted that the City of Pittsburgh maintains an excellent credit rating as evidenced by 5% percent interest rate at which we floated our recent bond issue. Bond funds, totaling over Six Million Dollars, allocated for improvements in prior years still remain to be used. City Council recommends the Mayor evaluate these unexpended funds and proceed with the 1971 Capital Improvement Program at the earliest possible time. It is believed early 1971 will be the most advantageous time for letting of contracts during the coming year.

In these days of spiralling costs which bring especially difficult times to persons on fixed income, there is no justification for inflating costs of City government, and then showing a surplus by not actually providing the services implied in the administration's requests for funds.

City Council advocates we tax on a pay-as-you-go plan rather than higher collections today hidden in unfilled jobs or unnecessary contingency items. Should this occur in 1971, we will reduce taxes to meet the level of services being provided.

In order for the City of Pittsburgh to continue to progress, changes must be made. We must utilize a three-pronged attack to effect these changes and achieve our goals:

1. Efficient management from a coordinated and cooperative attitude between ALL segments of City govern-

ment. This will help to relieve individual tax tensions and build a strong morale factor in everyone working for the betterment of the City.

2. Our tax base must be expanded through encouragement of the private sector of our economy.
3. Legislative corrections must take place that will assure continued services to tax exempt institutions without placing the burden on our citizens.

The only thing that can destroy us is if we fail to live together as human beings in aiming toward our common goals.

The parties hereto may expressly agree that an amount in excess of 110%, as aforesaid, should be paid to a property owner after a determination of fair market value by the Board of Viewers or by a Court, when the property has been or is to be taken by an exercise of the power of eminent domain. If the Organization is dissatisfied with the determination of fair market value, as determined above, all appeals must be exhausted unless counsel for the Organization recommends otherwise.

Project Representative who shall also serve as Clerk of Works for the Local Public Body.

2. As Clerk of Works he shall be responsible to the Local Public Body, give all notices, and facilitate all work on the Project in the most expeditious manner, and shall do all other things as required for that position by the Local Public Body. The Local Public Body shall establish his responsibilities and duties as stipulated in writing by the Director of the Department of Lands and Buildings of such body. In addition, as Project Representative, he shall perform all duties of that position as set forth in the contracts between the Organization and the architect.

3. The Organization shall pay for the services of the Project Representative and Clerk of Works.

C. All questions related to the design and construction of the Project shall be approved by the Organization, subject to the final approval of the Local Public Body; and no changes shall be made in the Project following the award of contracts and no claims allowed except upon the concurrence of both the Local Public Body and the Organization.

CASH FLOW

A. The Organization shall pay or cause to be paid to the Local Public Body the total out-of-pocket cost to the Local Public Body of the Project and the Auditorium, less the Neighborhood Facilities Grant of the Department of Housing and Urban Development (DHUD). These out-of-pocket cost shall include the direct cost to the Local Public Body of land acquisition, relocation services, and demolition and development, and shall not include any indirect costs including compensation of employees of the Local Public Body, legal and administrative services.

B. As part of its obligation under A above the Organization has arranged for payment to the Local Public Body of Three Hundred Thousand Dollars (\$300,000.00), being a grant by the Commonwealth of Pennsylvania through the Urban Redevelopment Authority of the City of Pittsburgh. Such funds have been deposited with the Local Public Body by the date of execution hereof.

C. Prior to the letting of construction bids the balance of the funds to be paid by the Organization shall be deposited into a Fund at Western Pennsylvania National Bank designated as the Hill House Project Trust Fund for use by the Local Public Body during the progress of the Project and Auditorium.

1. Interest earned on the funds deposited by the Organization into the Fund shall be first applied to make up any deficiency in payment by the Organization, and any excess will be returned to the Organization to be applied to programs for the Multi-Service Center and the Auditorium.

2. When a final certificate of payment is issued, there shall be a final reckoning of the amount payable hereunder by the Organization, and repayment to the Organization of any overpayment, or payment by the Organization to the Local Public Body for any costs in excess of the amount previously deposited by or on behalf of the Organization.

3. If the final reckoning shows actual costs to have been lower than anticipated when the Organization share was deposited, the excess of the amount deposited shall be returned to the Organization to be used by it for programs for the Multi-Service Center and Auditorium.

D. In computing the amount of the DHUD Grant for which it is eligible, the Local Body shall include within the development cost of the Project:

1. Its out-of-pocket cost for the Project for land acquisition, relocation service, demolition and development;

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, to enter into an Agreement with the Township of Penn Hills providing for the construction of a sanitary sewer by the City and the Township and for the construction of a trunk line sewer and pump station by the Township so that sewerage from the Fifth Ward of the Township and from a portion of the Twelfth Ward of the City, generally referred to as Paxico Street, can be treated in the Township Sewage Treatment Plant; and providing for the payment of the City's share of the cost thereof.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. The Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, are hereby authorized and directed to enter into an Agreement with the Township of Penn Hills providing for the construction of a sanitary sewer by the

City and the Township and for the construction of a trunk line sewer and pump station by the Township so that sewerage from the Fifth Ward of the Township and from a portion of the Twelfth Ward of the City, generally referred to as Paxico Street, can be treated in the Township Sewage Treatment Plant, in substantially the following form:

AGREEMENT

Made and entered into this----- day of -----, A.D., 19-----, by and between the CITY OF PITTSBURGH, hereinafter called the "City", a Municipal Corporation of the Commonwealth of Pennsylvania, and situate in the County of Allegheny,

AND

TOWNSHIP OF PENN HILLS, hereinafter called the "Township", a Township of the First Class, situate in the County of Allegheny and within said Commonwealth.

WHEREAS, an undesirable condition exists concerning sanitary sewage matters in the Fifth Ward of the Township of Penn Hills, as well as extending for some distance into the Twelfth Ward of the City of Pittsburgh, and generally referred to as "Paxico Street"; and

WHEREAS, the said sanitary sewer condition can be eliminated by the construction of sanitary sewer by both the City and the Township, and more particularly a trunk line sewer and pump station by the Township so that the sewerage can be treated in the Township Sewage Treatment Plant, with financial participation by the City.

NOW, THEREFORE, in consideration of the premises and the undertakings of each party to the other, the parties hereto, each intending to legally bind itself, its successors and its assigns, covenant and agree as follows:

1. The Township agrees to prepare all necessary Plans and Specifications for the proposed sewer construction of sanitary sewer facilities beginning at a point of intersection at or near Hunter Street and Fahey Street; and thence in a northwesterly direction along Hunter Street, and through private properties to Paxico Street; and thence along

Paxico Street to its point of intersection with the line dividing the City of Pittsburgh and the Township of Penn Hills, said sewer to be an 8" terra cotta sewer and being approximately 2000 lineal feet in length. The Township also agrees to build a pump station at or near the intersection of Hunter Street and Fahey Street, and a cast iron force main approximately 200 feet in length in and along Fahey Street.

2. The City will construct its 8" terra cotta sanitary sewer line within the confines of its Municipality.

3. The sewage facilities being constructed in the City will drain into the aforesaid trunk line sewer being built by the Township and the said sewage treated in the Township Sanitary Sewage Disposal Plant.

4. The Township agrees to advertise, take bids and award a contract with the lowest responsible bidder for the work involved in the construction of the sanitary sewers with all appurtenances, pump station and force main, in accordance with the engineering plans prepared by the Township Engineer and on file in his office, 508 Rebecca Avenue, Wilkinsburg, Pittsburgh, Pennsylvania 15221. These sewers to be constructed within the municipal limits of the Township of Penn Hills. The City shall review the Plans and Specifications prepared by the Township Engineer, shall review the bids received and shall inspect the construction of the work to be constructed within the Township limits.

5. The Township will procure all rights of ways through private property at its expense in, through and upon which will be constructed a portion of the above described trunk line sewer being constructed within the limits of the said Township; and will also provide all necessary supervision, inspection, etc.

6. The City's share of the construction cost of the trunk line sewer with Penn Hills will be 25.3% of the net total. This percentage was determined by the fact that 25.3% of the drainage area of the project lies within the City limits. The net total construction cost of the trunk line sewer will be the total construction cost less an assessment

amount paid by Penn Hills property owners being served by the said sewer facilities at the rate of \$6.00 per front foot.

7. The construction cost of the force main and pumping station, all located within the Township of Penn Hills, will be shared equally, 50% each, by the City and the Township.

8. The City will pay a fixed annual charge of \$215.00 for the operation of the pumping station. This figure is based on 25.3% of an estimated \$850.00 total annual operating cost.

9. The cost of any future renovations or repairs, either major or minor, to the pumping station and force main, will be borne completely by the Township.

10. The capital charge by the Township to the assumed thirty (30) residents of the City will be \$150.00 each, in lieu of the usual charge of \$250.00.

11. The Township will bill and collect from the City residents for sewage services, in lieu of these services being done by Alcosan, at the same rates being charged by Alcosan to residents of the City. The City will guarantee payment to the Township of delinquent accounts and the City will have full rights of filing municipal liens to protect its interest.

12. The Township and the City agree that the completed sewers as constructed in each municipality shall be maintained by the municipality in which they are located.

13. Upon the award of the contract for the construction of the trunk line, pumping station, force main, etc. in and for the Township of Penn Hills, and by the Board of Commissioners of the said Township, the Township will bill the City for the sum of \$15,000.00 and the remaining balance will be billed upon the completion and acceptance of the project.

THIS AGREEMENT executed on behalf of the City of Pittsburgh, Pursuant to the powers contained in Ordinance No. ____ approved and enacted the ____ day of _____, 1970.

THIS AGREEMENT is executed on behalf of the Township of Penn Hills, pur-

suant to the powers contained in Ordinance No. 1271 approved and enacted on the 6th day of April, 1970.

Section 2. The City's share of the construction costs described in the foregoing Agreement shall not exceed Twenty-Five Thousand, Five Hundred Dollars (\$25,500.00), chargeable to and payable from Bond Fund No. 218; and the annual charge to be paid by the City for the operation of the pumping station described in said Agreement, beginning in 1971, shall not exceed Two Hundred Fifteen Dollars (\$215.00), chargeable to and payable from Code Account No. 1530, Miscellaneous Services.

Interim costs and billings also are to be allocated equitably among the various plaintiffs then participating.

5. Costs which are peculiar to any one plaintiff or group of plaintiffs from which the others do not benefit will be borne solely by that plaintiff in the event that the cost is peculiar to it, or shared between that group of plaintiffs if the cost is peculiar to them, in the same proportion as other costs.

6. Apart from, and in addition to the contingent legal fees to which Special Paragraph 3 herein, Special Counsel will be reimbursed by Plaintiff for Plaintiff's individual and proportionate share of the costs expended in connection with the litigation. Special Counsel shall refund to Plaintiff its individual or proportionate share of any such costs that may be assessed or imposed on the defendants and collected by Special Counsel from them in accordance with an order of court or by any settlement.

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, to enter into a Supplementary Agreement with the Allegheny County Sanitary Authority and the Borough of West Mifflin further amending the Standard Municipal Agreement between the parties

dated December 1, 1949, as amended by Agreement dated October 1, 1962, by enlarging the service area to include the Mon Heights Project.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. The Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, are hereby authorized and directed to enter into a Supplementary Agreement with the Allegheny County Sanitary Authority and the Borough of West Mifflin further amending the Standard Municipal Agreement between the parties dated December 1, 1949, as amended by Agreement dated October 1, 1962, by enlarging the service area to include the Mon Heights Project, in substantially the following form:

THIS SUPPLEMENTARY AGREEMENT

MADE and effective as of the first day of -----, 1970, by and among

CITY OF PITTSBURGH

(herein called the "City"), a municipal corporation of the Commonwealth of Pennsylvania, located within the County of Allegheny,

ALLEGHENY COUNTY SANITARY AUTHORITY

(herein called the "Sanitary Authority"), a municipal authority of the Commonwealth of Pennsylvania, and

BOROUGH OF WEST MIFFLIN

(herein called the "Borough"), a municipal corporation of the Commonwealth of Pennsylvania, located within the County of Allegheny,

WITNESSETH:

WHEREAS, the parties have entered into a long-term sewage service agreement (hereinafter called the "Standard Municipal Agreement") dated December 1, 1949 and also a Supplementary Agreement dated October 1, 1962; and

WHEREAS, under the provisions of the aforesaid agreements, the Sanitary Authority provides sewage service to a relatively small portion of the Borough; and

WHEREAS, the Borough desires and has requested the Sanitary Authority to provide sewage service to another small portion of the Borough now known as the Mon-Heights Project together with some additional acreage adjacent thereto; and

Whereas, the sewage from the Mon-Heights Project and adjacent acreage can ultimately reach the Sanitary Authority's intercepting sewer through the sewer system of Whitaker Borough; and

Whereas, the Borough of Whitaker, which receives sewage service from the Sanitary Authority under a similar long-term Standard Municipal Agreement, has agreed to permit all of the sanitary sewage from the said Mon-Heights Project and additional adjacent acreage in the Borough of West Mifflin to be discharged into the sewer system of the Borough of Whitaker and thence into the intercepting sewer of the Sanitary Authority at Outlet No. M-49, on the left Bank of the Monongahela River.

Now, Therefore, in consideration of the premises and the undertakings of each party to the others, the parties hereto, each intending to legally bind itself, its successors and assigns, covenant and agree as follows:

1. The Sanitary Authority's sewage service area within the Borough, as set out in the Standard Municipal Agreement dated December 1, 1949 and the Supplementary Agreement dated October 1, 1962 modifying that area, is hereby enlarged so as to include the Mon-Heights Project and certain acreage immediately adjacent thereto, as shown on the Plan entitled "Mon-Heights Service Area of West Mifflin Borough" which is attached hereto, made part hereof, and marked "Exhibit A". The said plan bears date of February 1970 and the approving signatures of the Authority's Chief Engineer and the Borough's Engineer, and a copy thereof is on file and available in the main offices of the Sanitary Authority and the Borough.

2. It shall be the obligation of the Borough of West Mifflin to bring the sewage of the Mon-Heights Project and adjacent acreage, the additional service area covered by this Supplementary Agreement, to a point of connection

with the Sanitary Authority's Outlet No. M-49, located on the left bank of the Monongahela River, either through the existing sewerage system of Whitaker Borough and Munhall Borough's Whitaker Run trunk sewer which is connected with said Outlet No. M-49, or otherwise.

3. It is understood and agreed that sewage service to the Mon-Heights Project and adjacent acreage shall be limited to sanitary sewage only. The Borough specifically covenants that it will connect only sanitary sewers to the sewer system of Whitaker Borough and that it will not authorize or permit any connection of storm sewers or of roof, driveway, yard, street or other storm or surface water drains to the sanitary sewers in the Mon-Heights Project and adjacent acreage. The Borough also covenants to divert and/or exclude the flow of any surface or subsurface spring or stream or acid drainage of a coal mine which enters into any such sanitary sewer. Upon receipt of written notice from the Sanitary Authority of any such prohibited connection or condition, the Borough agrees to proceed promptly and diligently to disconnect and/or divert every such prohibited connection, drainage or flow from the sanitary sewers. Upon failure of the Borough to take appropriate action promptly after receiving such written notice from the Sanitary Authority, the Sanitary Authority shall have the right to disconnect the offending sewer, or to construct the necessary facilities to divert and exclude therefrom such storm or surface water, surface or subsurface spring or stream, or acid drainage, and in any such case to charge the cost thereof to the Borough.

4. The Borough agrees that although the water used in all the dwellings in the Mon-Heights Project is and may in the future be purchased in bulk and measured by one or more master meters, the Sanitary Authority shall have the right to bill its charges as if each dwelling unit had a separate meter, that is, to bill the owner of the Mon-Heights Project (or the separate owners of parts thereof) its highest block rate for sewage service (now thirty cents per thousand gallons of water), which shall apply to the measured or estimated quan-

tity of water used in all (or separately-owned parts) of the Project.

5. Except as otherwise provided herein, all the terms and provisions of the aforementioned Standard Municipal Agreement dated December 1, 1949 shall apply to the Mon-Heights Project and adjacent acreage covered by this Supplementary Agreement.

No. 586

AN ORDINANCE—Prohibiting the sale, purchase, transfer, possession or use (commonly known as glue sniffing) of model glues containing no deterrent to inherent solvents having the property of releasing toxic vapors, and providing penalties for violations; and repealing Ordinance No. 101, approved March 3, 1967.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. Definitions:

(a) **Model Glue**—As used in this ordinance, the model glue that is to be sold shall mean any glue or cement of the type commonly used in the building of model airplanes, boats, and auto mobiles, containing allyl isothiocyanate (synthetic oil of mustard) or similar additives having the ability to prevent illegal misuse by their presence. The model glue that is not to be sold contains nothing to inhibit the use of toluence, acetone or other solvents or chemicals having the property of releasing toxic vapors.

(b) **Allyl isothiocyanate**—Allyl isothiocyanate is the chemical name for synthetic oil of mustard, a food additive that has been used for many years to spice up foods. It is a food additive that is on the approved list of the Federal Food and Drug Administration. While its presence is not felt by hobbyists using the cements as intended, misusers—those who purposely place the contents of several tubes of glue in an enclosure and then proceed to deliberately inhale the vapors—do feel a jolt to the eyes and nasal passages that causes the misuser to immediately disengage from this practice, (The jolt is similar to that occurring after eating very hot mustard or horse-radish).

Section 2. No person, firm, association or corporation shall sell, buy, possess, transfer possession, or receive possession of any model glue to which allyl isothiocyanate or similar additive or additives having the ability to prevent illegal misuse by their presence have not been added to such an extent as to prevent the deliberate inhaling of the vapors.

Section 3. No person shall, for the purpose of causing a condition of intoxication, euphoria, excitement, exhilaration, stupefaction, or dulling of the senses or nervous system, intentionally smell or inhale the fumes from any model glue; provided, however, that this section shall not apply to the inhalation of any anesthesia for medical or dental purposes.

Section 4. **Penalties.** Any person, firm, association or corporation who violates

any provisions of this ordinance shall, upon judgment of any alderman or police magistrate of the City of Pittsburgh determine such violation, be subject to a fine not exceeding Three Hundred (\$300.00) Dollars and costs for each offense, and in default of payment of fine and costs, shall be subject to imprisonment in the County Jail or Workhouse for a period not exceeding 10 days. A separate offense shall be deemed committed upon each calendar day during or on which a violation occurs or continues.

Section 5. Effective Date: This ordinance shall be effective ninety (90) days from the date of its approval by the Mayor.

Section 6. Repealer: Ordinance No. 101 of 1967, approved March 3, 1967, is specifically repealed.

Section 7. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

I. Upon termination of this License and privilege, Licensee shall, if required by City, forthwith remove said heating and cooling lines and pit within such reasonable period as City may require and shall restore the affected premises to a safe

and proper condition, subject to the approval, inspection and supervision of the aforesaid Directors.

- J. The obligations of the City of Pittsburgh and Licensee under this Ordinance shall be binding upon their successors and assigns.

The Council of the City of Pittsburgh, Under the Authority of the Local Tax Enabling Act, No. 511 of 1965, and Any Amendments Thereto, Hereby Enacts As Follows:

Section 1. Portions of Section 3 of Ordinance No. 567, approved December 28, 1966, entitled:

"An Ordinance—Imposing a tax for general revenue purposes on salaries, wages, commissions and other compensation earned during the period beginning January 1, 1967, and ending December 31, 1967, and thereafter from year to year on a calendar year basis by residents of the City of Pittsburgh, and on salaries, wages, commissions and other compensation earned during said period by non-residents of the City of Pittsburgh for work done or services performed or rendered in the City of Pittsburgh, and on the net profits earned during said period from businesses, professions or other activities conducted by residents of the City of Pittsburgh, and on the net profits earned during said period from businesses, professions and other activities conducted in the City of Pittsburgh by nonresidents; requiring the filing of declarations and returns, and the giving of information by employers and those subject to the tax; imposing on employers the duty of collecting the tax at source; providing

for the administration and enforcement of the ordinance; and imposing penalties for violation thereof,"

shall be amended and supplemented to read as follows:

Section 3.

A. Net Profits:

(1) Every taxpayer making any net profits and/or expecting to make any net profits shall, on or before April 15 of the current year, make and file with the Treasurer, on a form prescribed by the Treasurer, a declaration of his estimated net profits during the period beginning January 1 of the current year and ending December 31 of the current year, setting forth a good-faith estimate of the amount of net profits anticipated by him during the said period and subject to the tax, the amount of tax imposed by this ordinance on such estimated net profits, and such other information as the Treasurer may require.

a) "Good faith" estimate, for purposes of the declared estimate, shall be equal to at least 75% of the actual amount reported on the final return for the current tax year or the full amount of income reported and paid on the preceding year's tax return.

b) The tax-payer making the declaration shall, at time of filing thereof, pay to the Treasurer the estimated amount of tax shown as due thereon, provide, however, that payment may be made in four (4) quarterly installments as follows:

The first installment at the time of filing the declaration and the other installments on or before June 15 of the current year, September 15 of the current year, and January 15 of the succeeding year, respectively.

(2) Any taxpayer who first anticipates any net profits after April 15 of the current year, shall make and file the declaration hereinabove required on or before June 15, September 15, or December 31 of the current year, whichever of these dates next follows the date on which the taxpayer first anticipates such net profit. The taxpayer making the declaration shall, at

the time of filing thereof, pay to the Treasurer the estimated amount of tax as due thereon, on or before the quarterly payment dates which remain after the filing of the declaration.

(3) The Treasurer is hereby authorized to provide by regulation for the making and filing of the declarations of estimated net profits on a quarterly basis. He may also provide for the making and filing of the adjusted declaration and for the payment of the estimated tax in cases where a taxpayer anticipates additional net profits not previously declared or advises that he has overestimated his anticipated net profits. When a taxpayer files and pays his declaration of estimated net profits on a quarterly basis, the failure of the taxpayer to adjust his declaration, in the event of unanticipated additional net profits not previously declared, will subject him to penalty and interest, pursuant to Section 7 hereof, on the amount of the underpayment of each or any of the installments where such underpayment exceeds 25%, or to the sanctions imposed under Section 6(b) (3) hereof.

(a) The amount of underpayment subject to penalty and interest, pursuant to Section 7 hereof, is the difference between the amount actually paid and the amount of the installment which would have been required to be paid if the estimated tax had been equal to 75% of the tax shown on the final return for the taxable period. In other words, the sum total of each installment paid should amount to at least one quarter of at least 75% of the entire amount and for such taxable year.

(1) **EXCEPTION:** The addition of penalty and interest to the tax with respect to any underpayment of any installment, shall not be imposed if the total amount of all payments of the estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which the taxpayer paid in the preceding taxable year for the same type of business for the same length of time.

(4) On or before April 15 of the succeeding year, every taxpayer who has received net profits shall make and file with the Treasurer, on a form prescribed by the Treasurer, a final return showing all his net profits for the period beginning January 1 and ending December 31 of the current year, the total amount of tax due, the amount of estimated tax paid under the provisions of this section, the amount of underpayment on the estimated tax installments, together with penalty and interest thereon, and the balance due. Any taxpayer may, in lieu of payment of the fourth quarterly installment of his estimated tax, elect to make and file with the Treasurer on or before January 31 of the succeeding year the final return as hereinabove required. At the time of filing the final return, the taxpayer shall pay the balance of the tax due, or shall ask for refund or credit in the case of overpayment.

(5) Every taxpayer who discontinues business prior to December 31 of the current year, shall, within thirty (30) days after the discontinuance of business, file his final return as hereinbefore required and pay the tax due.

B. Earned Income: Salaries, Wages, Commissions and Other Compensation:

Section 4.

(f) Every employer who willfully or negligently fails or omits to make the deductions required by this section shall be liable for payment of the taxes which he was required to withhold to the extent that such taxes have not been recovered from the employee.

required to be filed by him under the provisions of this ordinance, there shall be no limitation; provided, however, that deficiency assessments shall not be made more than six (6) years retroactive from the date of suit.

Section 4. A portion of Section 10 of Ordinance No. 567, approved December 28, 1966, shall be amended by eliminating the words "in the Allegheny County Jail or the Allegheny County Workhouse" from the provisions of subparagraph (a) and subparagraph (b) of said Section 10, so that said subparagraph (a) of Section 10 will read as follows:

"(b) Any person who divulges any information which is confidential under the provisions of subsection (d) of Section 5 of this ordinance, shall upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than five hundred dollars (\$500.00) for each offense and costs, and in default of payment of said fine and costs to be imprisoned for a period not exceeding thirty (30) days.

Section 5. Section 12 of Ordinance No. 567, approved December 28, 1966, shall be amended to read as follows:

Whereas, the City Planning Department, in conjunction with the Carnegie Library of Pittsburgh and neighborhood organizations throughout the City, conducted a study to determine the library needs of various neighborhoods; and

Whereas, the construction of City-built and owned branch libraries in Perry Hilltop, Squirrel Hill, Sheraden and Brookline, modernizations to the Allegheny Regional Branch and a replacement for the Hill District Wylie Branch are consistent with the Community Renewal Study; and

Whereas, City Council authorized the Department of Lands and Buildings to advertise and award contracts for the renovation of the Allegheny Regional branch library, for which \$1,350,000 in City Bond Funds are presently contained in a trust fund; and

Whereas, bids for the renovations were higher than estimated and funds allocated for; and

Whereas, City Council has authorized the purchase of land for a joint parking-library complex in Squirrel Hill at a total cost of \$380,000; authorized the planning and design of a branch library at a cost of \$70,000, which design funds cannot be recovered should the development not proceed; and

Whereas, City Council authorized the advertising and awarding of bids on the Squirrel Hill Library - Parking complex, which cancellation at this time may mean the loss of an additional \$100,000 in liability suits; and

Whereas, approximately \$250,000 in committed and contracted State and Federal funds will be lost to the City should the Library-Parking complex not proceed, which loss shall also mean the loss of needed jobs and work opportunities for the citizens of this City; and

Whereas, City Council authorized the City to obtain a short-term loan in the amount of \$1,300,000 which would be repaid from a bond sale to be issued at a later date, so that the City could be paid over a period of 20 years; and

Whereas, City Council authorized the establishment of a trust fund to contain required City funds, as well as Public Parking Authority grants to be applied to the development of the public parking facilities within the complex; and

Whereas, City Council authorized the Department of Lands and Buildings to acquire a site agreed upon by the Department of Lands and Buildings, the Department of City Planning, the Carnegie Library of Pittsburgh, and neighborhood civic organizations for a branch library serving the Perry Hilltop community, which land has been purchased, homes have been vacated, and preliminary design has been authorized by City Council.

Whereas, City Council authorized the Department of Lands and Buildings to conduct a feasibility study for the purpose of converting the tax-delinquent property known as the former Temple Theatre into a possible joint Library-Recreation Center in the Sheraden area; and

Whereas, preliminary studies for a replacement branch for the Wylie Branch in the Hill District have been initiated among planning members of the new Model Cities agency, members of that community, and the Department of City Planning and the Carnegie Library of Pittsburgh; and

The Department of Lands and Buildings, in conjunction with the Carnegie Library of Pittsburgh and residents of the Allegheny Regional area, revise plans of the branch library in that area to contain a minimum of 30,000 square feet of library space and remain, if possible, within the \$1,350,000 already allocated in a trust fund for this purpose by City Council; and that

The Department of Lands and Buildings and the Department of Parks and Recreation report its findings on the former Temple Theatre conversion into

The newly-formed Model Cities agency meet with appropriate City agencies, including the Department of City Planning, the Pittsburgh Parking Authority, the Carnegie Library of Pittsburgh and civic organizations in the Brookline community and to report its findings so that a public hearing may be held to determine public needs and feasibility of such a project in this community.

Further, Be It Resolved, that the Council of the City of Pittsburgh recognize its public commitments and the need to honor those commitments to the best of its ability; to recognize that for the sake of continuity in government that planning must be continuous and fulfillment of public needs must be continuous irrespective of changes in the City administration unless that City administration can demonstrate otherwise, either for financial or other considerations, that those commitments cannot be made and that the public be made aware that those needs cannot be made and the reasons thereof.

In the sudden death of Florence S. Reizenstein on June 4, 1970, the City of Pittsburgh, the entire community and the nation have lost a benefactress of humanity. Florence Reizenstein's profound and passionate concern for her fellow beings knew no bounds. It found expression in her active participation, during all her adult life, in a multitude of causes and organizations devoted to the promotion of a better understanding among all groups, to the elimination of injustice in all its many and varied

manifestations, and to the improvement of the lives of all who are disadvantaged because of prejudice and discrimination.

Florence Reizenstein's dedication to her fellow human beings was exemplified in the qualities of leadership she brought to a host of organizations and public agencies, which include the Pennsylvania Commission on Human Relations, the Mayor's Commission on Human Relations, the National Association for the Advancement of Colored People, the Urban League, the National Conference on Christians and Jews, the United Nations Association and the Negro Educational Emergency Drive.

Florence Reizenstein was a woman of deep convictions of vast talents and of limitless energies, all of which were directed selflessly and without stint to the task of enhancing the welfare of the oppressed. She was the vanguard of virtually every humanitarian organization, where her leadership and effectiveness were heightened by her deep human warmth, her graciousness and her modulation. The community has been severely diminished by her passing.

Therefore, in acknowledgement of the immeasurable contributions she has made to the entire community.

Be It Resolved, That the Council of the City of Pittsburgh record with sorrow the death of Florence S. Reizenstein and express the sympathy of the City of Pittsburgh to the bereaved family.

Whereas, The City of Pittsburgh mourns the passing of the architect of its renaissance, the late Richard King Mellon; and

Whereas, Mr. Mellon's achievements and his contributions to the City and its people were widely known and thoroughly reviewed in the news treatment of his death; and

Whereas, nationally renowned for his great wealth and his distinguished family, he was, of course, a personality and a leader for more depth. He represented a new stance of social responsibility; he epitomized a concern for the ills of his beloved city and its people; and, certainly as much as any man in Pittsburgh's long history, put into motion those organizational talents, skills and resources, which have so dramatically changed the face of the city.

Throughout his lifetime, Mr. Mellon shunned the glow of public approval, preferring to do his work in the background and with as little fanfare as possible, but the results of his efforts were of such a dramatic and visible nature that this anonymity was not possible.

Mr. Mellon was a father, soldier, philanthropist and financier; but, more than any of these he was a good and decent man whose concern for his fellow man became his life's work. We are all richer for having lived in his time, and the poorer for his passing.

Therefore, Be It Resolved, That the Council of the City of Pittsburgh record with sorrow the death of Richard King Mellon and extend the sympathy of the City of Pittsburgh to his family.
